

Christmas All the Time

(Words and Music by Ruth Dunfield)

It's this time of year again
When we think of the Child born in Bethlehem
We tell of how he was so deprived
Of the comfort found in a room inside

We all know how the story goes
How the wise men brought Him their gifts of gold
The shepherds came with a song to sing
Oh what joy is found in that manger scene

Chorus:

If we open our hearts - and give from the start
Compassion will take hold - when the Christmas story is told
Love will shine when it's Christmas all the time

It's that time of year again
When we notice those who could use a friend
The helpless mother who can't provide
The homeless child-the father's broken pride

And as we take a look around
And we see a world where so much hurt is found
We find ourselves taking time to share
We discover how much we really care

Chorus:

If we open our hearts - and give from the start
Compassion will take hold - when the Christmas story is told
Love will shine when it's Christmas all the time
Love will shine when it's Christmas all the time
